

DOG LAW DEFEATED

Mr. Gravelly Saves the Bill From Final Slaughter by Moving to Reconsider.

COST OF DOG LEGISLATION

House Has Devoted Three Days to It—A New Primary Bill in the Senate.

For the third successive day the session of the House of Delegates, and a long session at that, was consumed in consideration of the Gravelly dog law, and the end is not yet. At \$600 per day, a very moderate estimate, the proposition to amend the present general dog law has nearly cost the State nearly \$2,000, and another session of the House will be consumed Tuesday in further consideration of this very important subject of legislation.

The member from Henry proposed an amendment for the existing law, the effect of which will be to practically repeal the statute and unchain all the dogs of the State. That amendment was ordered to its engrossment Friday when the attendance of members was large, but yesterday many friends of the poor canine had gone to their homes, little suspecting that their proteges' interests would be menaced in their absence. To the surprise and consternation of the delegates from Henry, however, the House yesterday refused to pass the engrossed bill, and it was only saved from final failure by Mr. Gravelly's motion to reconsider. The member spoke in support of his motion against time until the majority surrendered and agreed to his terms, fixing the all-important legislation as a special order for Tuesday. At that time it is expected that there will be sufficient advocates of the Gravelly amendment present to secure its passage.

Granting that the bill will ultimately get through the House, though that is not absolutely certain, it must then be taken to the Senate, where many students are awaiting its appearance with jockeys full of rocks. The prospects of the bill in the Senate are not at all bright. The bill, which to a great extent abrogates the Matthews law, is supported by the new members, some of whom were elected chiefly on this issue. The question has been an engrossing one at this session.

The Senate yesterday passed a number of amendments to the bill, and in two discussions, which, while interesting, were not profitable. One of these was as to parliamentary procedure in the matter of the proper reference of a bill. The other discussion was as to the propriety of ordering the bill to the Capitol enlargement and improvement when the public and various other worthy causes are clamoring for large appropriations.

The discussion availed nothing further than to elicit the fact that Messrs. Wickham and Thomas were opposed to the Capitol appropriation until they "might see where they are at" financially. Mr. Anderson is urging the bill, and is anxious to get it passed. He is confident that if the bill is passed it will be an indication of the dominant sentiment when the two members named were voting their opposition; the majority of the Senate is favorable to the bill, and whether it can command the requisite majority will not be known positively until the bill comes up on its passage.

Perhaps the most interesting of the new bills offered yesterday was that of Mr. Patterson, proposing a viva voce primary for United States senator with majority nomination required and a second primary if it be needed. The expense of the primary under his plan is to be met by the State.

The Senate.

The Senate sat for an hour and a half, Lieutenant-Governor William H. Harrison presiding, and with a very good Saturday attendance of members. Two days leave of absence each of Messrs. Holt and Barkdale was granted, on motion of fellow senators.

Much of the time of the session was consumed in two discussions, one of them of a parliamentary nature relative to the reference of Mr. Patterson's senatorial primary bill, and the other relative to the Anderson Capitol reconstruction and enlargement bill, and its importance in comparison with the school and other appropriations. Both of these were important discussions of a general nature and were given considerable latitude.

In the case of the Patterson bill, that gentleman desired the measure referred to the Committee for Courts of Justice for an opinion as to the constitutionality of the bill. Mr. Wickham and other members, however, contending that the bill should take the usual course and go to the Committee for Privileges and Elections, the first committee of the Senate in priority and importance and the one to which the measure should properly go. The measure was referred to the latter committee, and after much discussion the bill finally took the usual course.

OPPOSITION TO CAPITOL BILLS. The discussion over the Anderson Capitol bill came up when the bill was given its first reading. Messrs. Wickham, Thomas, Anderson and Patterson participated in the informal discussion, which was as to the relative importance of the various appropriations asked for and the various causes desired for the public schools and institutions of the State. Mr. Wickham opened the discussion, followed by Mr. Thomas, and Mr. Anderson came to the rescue. Mr. Wickham stated that he was not fully in accord with the senator from Richmond as to the paramount importance of his bill, and he added that he might, indeed, strike out the word fully, and say he was not in accord. He referred to the many demands upon the treasury and the importance of maintaining the public schools, making the point

that it would be unwise at this time to make the Capitol appropriation. Mr. Anderson stated that the senator from Henry (Mr. Thomas) had served formal notice on him in the nature of a declaration of war, and intimated that Mr. Thomas and Mr. Wickham had formed an alliance against the measure. He protested, however, against this opposition to the bill.

Mr. Thomas served notice that he would oppose to the last ditch the Capitol appropriation until the schools and other institutions of the State had been provided for. The bill was given its first reading and then passed by until tomorrow.

call be withdrawn in the interest of fair play.

Mr. Churchman disclaimed any intention to do the member from Henry any injustice, but he said the miserable cur bill had engaged the attention of the House for the past three days, and he thought it was time for action.

Mr. Gravelly made a persistent fight and demanded the roll call on every proposition. The pending question was ordered and the bill was rejected—yes, 30; noes, 21. Mr. Gravelly voted "no" in order to move to reconsider, and he did this and moved to pass this motion by. He spoke to this motion, and was evidently endeavoring to take the House out and posing of the motion to pass by. He charged that the House had taken snap judgment upon him, and he declared that it was only fair to pass the motion by.

The roll call on the passage of the bill would be as follows:
Ayes—Messrs. Collier, Dickinson, Early, Gray, Griffith, Gunn, Hoge, Howie, Jordan, Ould, Panhill, Phillips, Rowe, Rose, Neek, Charles Smith, Sturges, Thompson, Thornhill, Wilkey and Withers—20.

Noes—Messrs. Boaz, Bowman, Bridgforth, Brooks, Bruce, Cardwell, Churchman, Clark, Coleman, Cox, Crawford, Daniel, Duke, Gravelly, Green, Heermans, Jennings, Lambeth, Latane, Lee, Lewis, Lion, Lowry, Lyles, Mitchell, Moncure, Owen, Rogers, Royall, Sayers, Blackburn Smith, Spessard, Stubbs, Sydnor, Thomson, Walker, Wallace and Wood—38.

Mr. Gravelly held the floor until long past 2 o'clock, and when it became evident that he had the whip hand of the situation, Mr. Stubbs suggested an agreement by which the question of reconsideration would come up at 1 o'clock on Tuesday and be disposed of without debate. This was agreed to, and the body adjourned.

Mr. Wallace offered a bill allowing the right of appeal before entering into a peace bond, where such bond is required, and Mr. Stubbs offered one to amend the law in relation to the terms of circuit courts so as to change the terms of Middlesex county.

IMPORTANT MEETINGS.

Much Business at the City Hall During the Week.

There are not a great many municipal meetings scheduled for the coming week at the City Hall, but they are all of infinite importance.

The meetings are as follows:

Committee on 5 P. M. Tuesday.

Board of Aldermen, 8 P. M. Monday, in regular session.

The Finance Committee will continue their hearings on the budget, and the City will have up some interesting matters.

The Water Committee will report finally on the electrolysis matter, and the Board will dispose of routine work, and confer with the action of the lower branch of the proposed new bond issue.

Other meetings than these will probably be held during the week.

APPOINT COMMISSIONERS.

Messrs. Cardwell and Wood Offer Impotent Bill.

In the House yesterday Captain W. D. Cardwell, of Hanover, and Hon. J. H. Wood, of Rappahannock, offered jointly a bill which has for its object the conferring of the authority of appointing the commissioners of the revenue for the various counties and cities of the State upon the Circuit Courts.

The law at present provides for popular elections, but the Constitution declares that if elected by the people, these officers shall not be eligible for re-election. The bill will likely cause discussion, and it is understood to have some strong backers in both houses. It was referred to the Committee on Counties, Cities and Towns, and that body will no doubt fix upon an early date for hearing argument upon it.

For the Plaintiff.

It was inadvertently stated in this paper yesterday that in the contested matter of the Security Bank vs. W. H. Harrison Blair, in the Law and Equity Court on Friday, the jury found for the defendant. It should have been stated that the verdict was for \$50 in favor of the bank.

This remedy actually kills the parasites that infest the hair bulb, does its work most effectively and contains not an atom of substance injurious to anything else than the germ alone. Herpicide causes the hair to grow as nature intended it should, soft and abundant.

Judge Dew's Salary.

There is evidently a strong feeling in the Legislature in favor of raising the salary of Judge John C. Dew, the second auditor of the State from \$1,700 to \$2,500 per year. It is argued that Judge Dew's office is a mighty important one, and that he is a fine officer. He recently rendered the State fine service in connection with Governor Montague in

Catarrh Robs Women of Health and Beauty. Pe-ru-na Makes Women Healthy and Beautiful.

Miss Flora Hauser, No. 1032 South New Jersey Street, Indianapolis, Ind., writes:
"I think I must have been troubled with catarrh ever since I was very young, aggravated each time I caught a cold. This did not prove sufficiently serious to be obnoxious until last winter. Then my head and nose were so stopped up that I felt I must do something. Peruna was recommended to me by a friend. I used it for four weeks, and found to my relief that it cured me. I have not had a bit of trouble since. My head is clear, and I can safely affirm that Peruna cured me."
Miss Flora Hauser.

Hundred of Women Cured by Pe-ru-na of Annoying Catarrh.

DR. HARTMAN has probably done more than any other physician toward popularizing a means of escape from the facial deformities, such as watery eyes, twisted nose, offensive breath, dry cracked lips, due to the ravaging effects of catarrh.

He has made chronic catarrh a life-long study. His remedy, popularly known as Peruna, is the most famous remedy for catarrh in existence.

Probably there is not a man or woman, boy or girl, within the bounds of the United States that has not heard of Peruna. By far the largest majority have used Peruna.

The multitude of people that have been cured of chronic catarrh by using Peruna can never be known.

Many a girl has regained her faded beauty, many a matron has lengthened the days of her comely appearance by using Peruna.

Peruna produces clean mucous membranes, the basis of facial symmetry and a perfect complexion.

The women have not been slow to discover that a course of Peruna will do more toward restoring youthful beauty than all the devices known to science.

While it is true that Peruna cures catarrh wherever located, yet it is advisable for everyone to use Peruna as a preventive and not wait until catarrh has

fastened itself in some part of the system.

Peruna acts quickly and beneficially on the inflamed mucous membranes lining the different organs of the body. Thus it will cure catarrh wherever located.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

For a number of years I had pain in my eyes needed treatment, and I thought it was because my eyes needed treatment, so I went to an oculist and had glasses fitted to my eyes and wore them for some time, but felt no relief whatever. In fact, I felt worse than before, and came to the conclusion that the trouble was not with my eyes, but with my head and that it must be catarrh. As so many of my friends had used Peruna with benefit
